Re: Spectron, Inc./Galaxy Chemicals Inc./  
Solvents Distillers, Inc. Site, Elkton, MD

Dear Sir or Madam:

This letter notifies you of potential liability, as defined by Section 107(a) of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. § 9607(a), as amended, (CERCLA), that you may incur or may have incurred with respect to the above-referenced site (Site) which is located at 111 Providence Road in Elkton, Cecil County, Maryland. This letter also notifies you of response activities at the Site which the United States Environmental Protection Agency (EPA) is planning to conduct pursuant to Section 106 of CERCLA, 42 U.S.C. § 9606. You are hereby offered the opportunity to conduct these actions instead of EPA. In addition, EPA is currently expending Superfund monies. You may be asked to reimburse the United States for these costs and any future costs at a later date.

NOTICE OF POTENTIAL LIABILITY

EPA has documented the release or threat of release of hazardous substances, pollutants, or contaminants from the Site. EPA has spent public funds and entered into agreements with private parties whereby these parties have spent private funds and EPA is considering spending additional public funds on actions to further investigate and control such releases or threatened releases at the Site. Unless EPA reaches an agreement under which a potentially liable party or parties will properly perform or finance additional actions to mitigate these releases and conduct other necessary response actions, EPA will perform these actions pursuant to Section 104 of CERCLA, 42 U.S.C. § 9604. Under Sections 106(a) and 107(a) of CERCLA, 42 U.S.C. §§ 9606(a) and 9607(a), Section 7003
